2 **IV STATEMENT OF CLAIM;**

3 -----

4 The Police misconducts in this case manifest gross abuse and violation of my human  
5 and civil rights in pursuit of Racial profiling, stereotyping, malice, efforts to criminalize ,  
6 dehumanize and mentally abuse the innocent citizens whom they are employed and  
7 deemed to protect, etc.

8 I filed this case with the United States District Court and jury to adjudicate the actions  
9 of the Seattle police after many months of agonizing racing thoughts about the incident  
10 without any other option in mind:

11 **FACTS**

12 On October 17, 2014 I was driving home on Rainier Avenue. As I  
13 approached Alaska Street, I saw a police light behind me. I slowed  
14 down and moved quietly to a traffic safe corner street and stopped.

15 The police officer , Lindsay Brown approached me and I asked her, "Officer, what did I  
16 do" She responded with her own question,

17 "How much have you been drinking", I responded," I have not had even a drop of beer  
18 for at least one month

19 She asked for my driver's license and insurance. I gave her my driver's license and as I  
20 was looking for my insurance when she disappeared.

21 After about two minutes, I saw about five Seattle police officers surrounding me like a  
22 criminal. They took me out from my car, searched me, and seized all my belongings on  
23 me, including my cell phone by order. The police officers competed , taking turns  
24 to test me as if they are in on the job traing . ; they performed about five five tests and  
25 asked me to recite the Alphabets from A to Z and backwards from Z to A.

26 I told them that though I am educated, my brain was not equipped to perform such an  
27 academic test at that circumstance.

28 They ordered me to blow into a plastic pipe to the best of my ability. They commanded  
29 me with hands motion as I blew into the pipe," Come on!, Come on !,Come on !" I got  
30 exhausted and stopped.

CASE NO .....

1 One of the officers told me as they shared eyes communication among them and  
 2 laughed , "You tested positive for Chemicals" I place my palm in my chest and asked, "  
 3 Myself! ?" The officer said, "Yes!?" He ordered me to put my hands behind my back. I  
 4 did as he commanded and he handcuffed me. They booked me their car. While in the  
 5 police car, I asked the riding officers for the opportunity to call my children to pick up my  
 6 car. They denied my request and said, "They will take good care of it".

7 They took me to the South precinct Station and booked into the dungeon without a  
 8 toilet and in handcuffs.;

#### 9 THE INHUMANE TREATMENTS: DEHUMANIZATION AND MENTAL ABUSES;

10 While in the dungeon, I made several disciplined attempts to be allowed the opportunity  
 11 to use the rest room. I was ignored. Even the officer who patrolled through the hallway  
 12 looked the other way when he approached my jail door.

13 I was left to stay in my feces and urines, less than an animal. Another short and young  
 14 police officer who passed by while I was tapping the door with my hand cuffs behind  
 15 me, passed by while looking at the opposite side of my dungeon.

16 After many hours, two police officers came by my door and ordered me out to their ca  
 17 without a word r. I told them that I was in my mess with my feces and urine. They looked  
 18 at each other and used eyes language to communicate their intention. Thus, they  
 19 ignored me in my hopeless and helpless plight, got into the car and drove off.

20 They took me in the car from the open space into a room through a garage door. I almost  
 21 got into a shock and fainting spell; thinking that they were going to kill me. I caught my  
 22 breadth as the garage door opened again to another open space and the street. Yet, I did  
 23 not know where they were going with me, a disabled man in hand cuffs. While on I-5  
 24 North, I felt assured in public to ask them where they were going with me. One of the  
 25 officers responded, "Hospital" They took me to the Harborview Hospital.

26

#### 27 AT THE HARBORVIEW MEDICAL CENTER:

28 They paraded me into Emergency Room in hand cuffs with drenched pant in feces and  
 29 urine like a criminal that lacks human dignity.

30 The .E.R. patients looked at me pitifully. One patient in bed asked me, " Bro what did you  
 31 do?" I answered, " I don't know"

CASE NO .....

1 While one officer removed the hand cuffs from my hands, the other officer approached  
 2 and discussed secretly with a male nurse who beckoned me. I then asked the male  
 3 nurse, "What did they tell you that I *did* ?" *The nurse told me, "D W I, they want me to*  
 4 *draw blood from you"* I then told the nurse, *"THAT IS ABSOLUTELY FALSE"*  
 5 *The nurse proceeded to draw my blood which he handed over to them. After the Hospital*  
 6 *visit, they took me to my address without handcuffs.*  
 7 *As they dropped me off in my home, I was given a small zip lock parcel with my very few*  
 8 *medications, my spare car key, my driver's license and few Dollars collected from my*  
 9 *pocket and my cell phone.*  
 10 I then asked them about my car and the key to my residence. They told me that my car  
 11 has been seized and towed away for D W I according to the law of Washington State, and  
 12 that I should call a lock smith for entry to my residence. Thus had no choice but, to stay  
 13 under the freezing cold weather until day break when my son was available to let me in.  
 14 MY FILED COMPLAIN WITH THE MAYOR AND CITY POLICE CHIEF:  
 15 I filed complaints with the Mayor and the chief of police of Seattle notifying them of the  
 16 abuses and violation of my human and civil rights, towing costs, property damage, etc.  
 17 The chief of police responded in kind, but the mayor's office did not respond.  
 18 THE 67 PAGES OF THE POLICE REPORT:  
 19 When the police report of 67 pages came out, it depicted false cover and write ups to  
 20 back their stereo type and prejudice. However, my blood work was negative of any drug  
 21 or alcohol, like ALL the tests performed by the police on site.  
 22 THE SEATTLE MUNIPAL COURT'S HEARINGS;  
 23 Consistent with malicious and incriminating police agenda, some upsetting, false charges  
 24 were filed against me by the Seattle Municipal Court based on the false police falsehood.  
 25 After about three court hearings, the truth came to light. Thus, the court dismissed all  
 26 the charges "for the interest of justice. "  
 27 MY INITIAL PARTIAL CLAIM FORWARDED TO THE CITY OF SEATTLE;  
 28 I filed a partial claim with the City for some damages to my car and the towing cost to  
 29 refund my borrowed money for redeeming my towed car; the City turned my claim to  
 30 the Risk Management who responded with urban cowboy ideology, dusted off the claim  
 31 and blamed me for drunkenness; blame the victim.

1 QUESTIONS, REMARKS AND ARGUMENTS:

2 It is very degrading and disgraceful that some police officers recruited to protect the  
3 citizens resort to criminalize, clamp on their human and civil rights, instill fears and  
4 restlessness in them, racial profile them, restrict their freedom of movement and even  
5 kill them without justifiable reasons. ;

6 WHY ?

7 Any qualified police officer should do the dignifying duties comfortably with the full  
8 honor and respect from the community they serve.

9 Per my observation in my abuses, I saw plenty of lukewarm attitudes in control.

10 CONCERNS;

11 (1) Search and Seizure; By searching my car, what was the officer searching for? Was  
12 even a trace of the item (s) found? Exhibit? Why the impound and seizure ?

13 (2) The tests conducted by the police; As all the tests performed yielded negative  
14 results, why then was I arrested?

15 (3) What chemicals did the officer accuse me of being positive for? Was the accusation  
16 true? Where is the Exhibit?

17 (4) Why did all the rest of the officers at the scene collaborate in the activities or kept  
18 mute?

19 (5) Why did the police mentally abuse and traumatize me while in their custody ?

20 Who, in this our civilized society cannot recognize a drunk or drug addict? It is very  
21 unbelievable that many people recruited, trained to protect all lives are turning against  
22 our universally recognized values and the constitutional guarantees of all our citizens  
23 with impunity

24 (6) Why did the officers do as if they have no recognition on the value of the police code  
25 of conduct ?

26 (7) Why did they behave as if to mean that verbalizing their intention is against the  
27 police code of conduct , etc . as evidenced by my abuses ?.

28 All the abuses point to the effects racism, stereotype, hatred carried on by the people  
29 recruited and paid by the citizens to protect them but vowing to divide and criminalize  
30 the people based their hidden agenda and hatred of others. It is noteworthy that these

1 kinds of misconducts have damaged the records, the lives , opportunities, dignities,  
 2 reputations, etc of many innocent citizens.

3 **✓ RELIEF REQUESTED.**

4 The harm has been done and irreversible; the abuses have been inflicted and mental  
 5 agony with racing thoughts and indelible flash backs reign beyond my imagination. The  
 6 recognition and prevention of these evil acts in our midst is paramount in preservation

8 The Relief requested include but not limited to the following:

9 (1) Compensation and equitable awards for damages by the jury/court.
